## 1936 WASHINGTON INTRODUCTIONS

Six to eight inches in diameter and five inches deep, with petals curving to the stem when in full bloom. A wonderfully useful dahlia for basket work, and the long keeping qualities, when cut, will assure its popularity for bouquets. Scored 85 at East Lansing Trial Gardens in 1935.-----\$10.00

**UNION BEAUTY (C. H. Fulmer)** — **Small Single** —  $2\frac{1}{2}$  to 4 inches. Base of petals, yellow, with entire petal striped scarlet red and white. Most petals have a scarlet oval in the white stripe. Orange reverse, which sometimes shows through, giving a very beautiful effect. Upright grower and a prolific bloomer. Won Certificate of Merit at Storrs' in 1935-----Net \$1.50
